FOR PARTNERS & PROFESSIONALS

## FLOORS FOR REAL LIFE

At Pergo we build strikingly beautiful, extremely hard-wearing floors. No shortcuts, no compromises, just the best in Scandinavian function, design and engineering. We invented laminate flooring and in fact, we've been innovating floors that have gone from strength to strength since the 1970's. Floors that are easy to install

and maintain. And with one of the widest ranges around in wood, vinyl and laminate, you're sure to find the perfect one for you.

Come in and look around.

## PREPARE FOR A LIFELONG RELATIONSHIP

Pergo vinyl floors are ready to endure whatever you demand – wet days, messy dogs or just life in general. That is as sure as rainy Scandinavian summers and never-ending winters.

Another certainty is that if there is any way we can reduce our production impact, we're going to do it. For instance, we operate our own internal ecosystem, whereby we internally recycle 99% of our production waste, preventing it from being discarded or incinerated.

In addition, we've invested in a new production line with the capability to recycle old vinyl floors. In other words, we put our waste where our mouth is. Yet another great thing is that our vinyl floors are also highly durable, as we build them to last a lifetime. Ultimately relieving stress for both you and the environment. Very much a double positive.

THIS IS A STUNNING FLOOR

### MAKING NEW OUT OF THE OLD

We consider ourselves pioneers in the flooring industry. Eager to find the new 'thing' and the possibilities it brings for improved vinyl floor manufacturing. Oh boy, do we have exciting news! We have invested in a state-of-the-art production line capable of recycling old vinyl floors that can be transformed into new ones for your home. This groundbreaking initiative allows us to employ a circular methodology that significantly reduces the demand for finite resources. Creating a more responsible and resource-efficient production process.

### LIFETIME WARRANTY\*

As if the incredible durability of a Pergo floor wouldn't be enough – each floor also comes with a lifetime warranty. Yes, that's quite amazing. We want you to rest assured that your Pergo floor will stand by you, no matter what life brings. While also reducing our environmental footprint, as the floor's lifespan extends way beyond the ordinary. Directly contributing to less consumption and waste and paving the way to a more sustainable future.

## SOFT & SILENT

### FLOORS FOR COMFORTABLE LIVING

A Pergo Rigid vinyl floor is a unique combination of comfort and durability. Defining our motto of Scandinavian functional design, the floors are warm to the touch and soft and silent to walk on – yet offers what can only be described as excellent resistance to wear and impact. Thanks to its acoustic layer in the core, the floor provides very pleasant room acoustics. Fantastic? Yes.

## WATERPROOF

### BECAUSE LIFE'S TOO SHORT TO WORRY ABOUT WATER

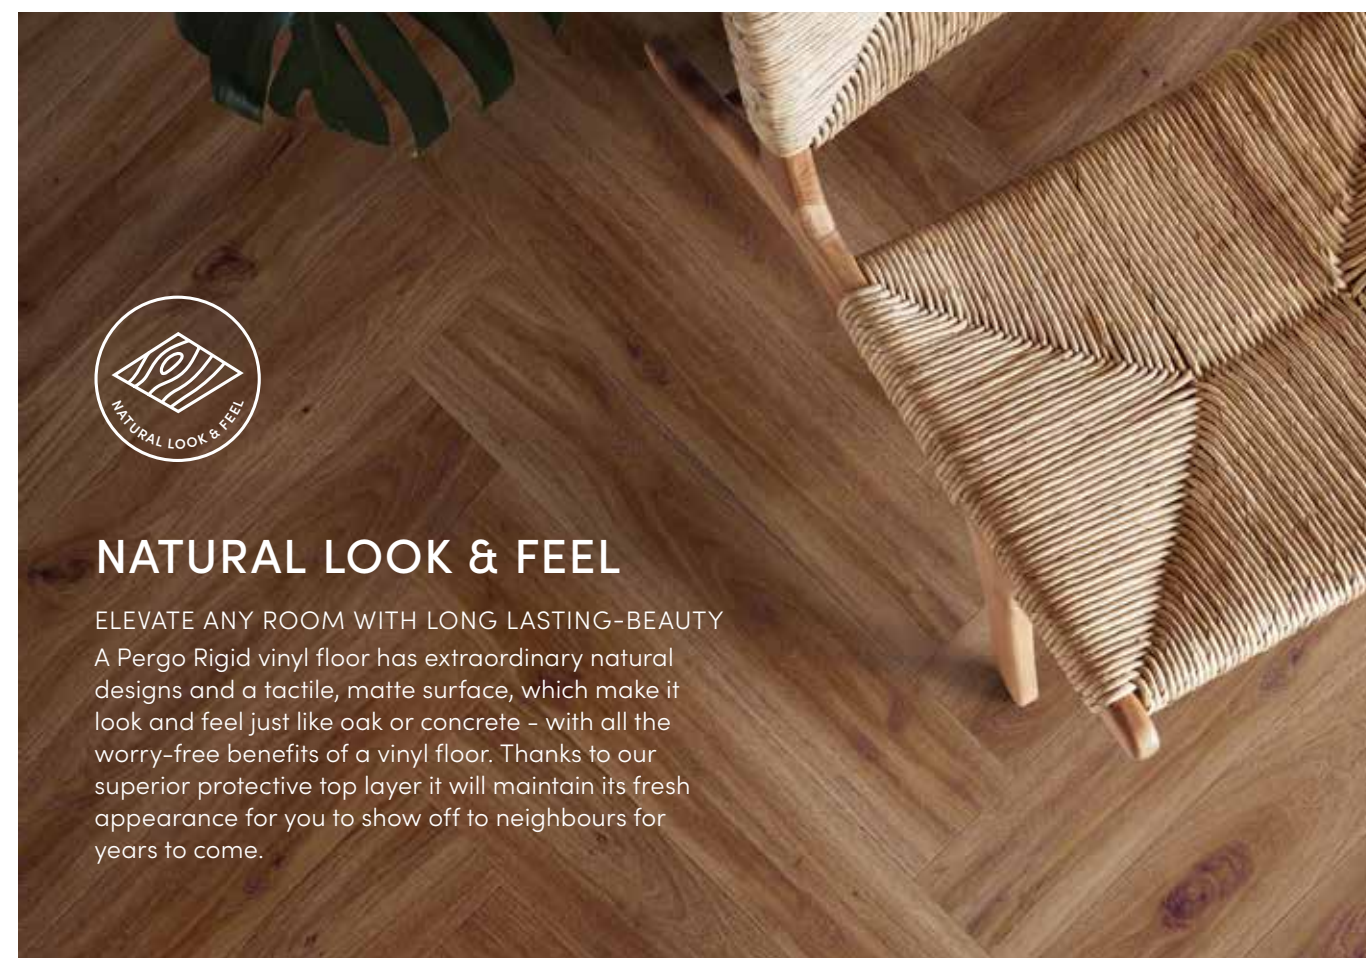

All Pergo Rigid vinyl floors have AquaSafe, our in-house developed technology that creates a sealed, watertight surface all the way down into the bevels, preventing water from penetrating the floor. It simply stands on the surface and you can easily wipe it away.

## NATURAL LOOK & FEEL

### ELEVATE ANY ROOM WITH LONG LASTING-BEAUTY

A Pergo Rigid vinyl floor has extraordinary natural designs and a tactile, matte surface, which make it look and feel just like oak or concrete – with all the worry-free benefits of a vinyl floor. Thanks to our superior protective top layer it will maintain its fresh appearance for you to show off to neighbours for years to come.
