

## Cleaning Cloths

# UZIN Clean-Box

Highly effective cleaning cloths for removing adhesive residues on wear surfaces, hands and tools

### Description:

Damp cleaning cloths for gentle removal of adhesive residues on smooth wear surfaces, as well as for stringent cleaning of hands, tools and machinery.

Especially suitable for removing / cleaning of:

- ▶ 1-component PUR-, MSP- and STP-adhesive residues, either fresh or dried, from wear surfaces such as, e.g. parquet and ceramics
- ▶ 2-component PUR- and epoxy resin adhesive residues, either fresh or slightly cured, from wear surfaces such as, e.g. parquet and ceramics
- ▶ Dispersion adhesive residues, either fresh or dried, from wear surfaces such as, e.g. parquet and PVC coverings
- ▶ fresh synthetic resin adhesive residues from wear surfaces such as, e.g. parquet
- ▶ Residues of the above mentioned adhesives from hands, tools, machinery, etc.
- ▶ cement-based residues, e.g. cement mortar film on ceramic tiling
- ▶ contamination of grease, oil, tar, graphite, wax, ink, carbon, grass-stains and other stubborn soiling

### Application:

1. Open the seal-cap of the UZIN Clean-Box, pull out a cloth until the perforations are visible and then tear off.
2. Dab adhesive residues or soiling on wear surfaces, hands, tools and machinery with the UZIN cleaning cloths, allow to work according to degree of contamination, then rub until completely removed. Repeat as necessary. Always ensure that the seal-cap is carefully closed.

### Protection of the Workplace and the Environment:

For external use only. Avoid contact with eyes. Protect containers from sources of heat. Keep out of reach of children.

### Product Properties / Benefits:

Handy, re-sealable Clean-Box.

UZIN cleaning cloths are highly effective, dissolve dirt, have a pleasant and fresh smell, clean effortlessly and gently without the use of water and detergent.

Content: cloths of 100 % PP (polypropylene) soaked in liquid detergent.

- ▶ Rapid drying without residue
- ▶ Multipurpose use
- ▶ Especially kind to skin
- ▶ Economical in use

### Technical Data:

Packaging:	plastic drum
Packsize:	drum with 72 cloths carton with 6 drums
Shelf life:	min. 24 months
Storage:	cool – normal room temperature, protect from strong heat.

### Disposal:

Used cleaning cloths can be disposed as construction or household waste. Empty plastic containers are recyclable.
